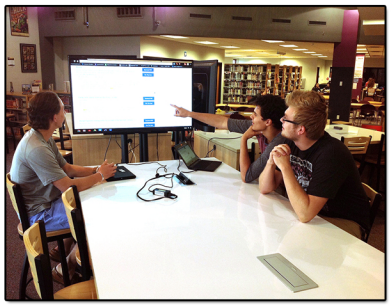
Librarians Michael Russell (3026) & Nathan Miller (3027) | Clerk Tawn Rockwell (3025)

Dining In: LMC Learning Spaces

The LMC has several classroom areas suited to different needs. Here's a 'menu' of options!

Chrome Corral 30 node chairs make flexible grouping easy. Includes an HDMI projector & audio speaker for sound.

Chrome Cafe 3.0 Four "Big" tables with power on top, plus a circle table in the middle. Seating for 34. Ceiling Mounted pull-down screen; Projector and speaker with advance request.



Bullpen 2.0 Five big tables with power & whiteboard tops, bar stools, and five big screen TVs with HDMI inputs for groups to collaborate. Big tables have power outlets & USB chargers.

Blue & Grey 2.0 30 node chairs in an expanded area near the nonfiction book stacks. There is a ceiling-mounted screen. A/V cart with projector & audio by request.

Old School 3.0 four classic rectangular library tables & the boomerang table, plus the chalk pole. Seat for >44 people.

MAKERSPACE discovery lab with devices such as VR glasses, Spheros, Arduinos. & more.

Reservations are simple

From any device, go to our website (LMC.LSR7.org/LSNHS/) & use the teacher tab.

To request any LMC space, check the LMC schedule first to see what's open, then click Request LMC Space and fill out the form. Both librarians are happy to help co-teach or plan with you. We'll send you a confirmation when you're scheduled. It's that easy!

The Mac Suites/Green Screen Rooms Six rooms with a dozen Macs for multimedia project creation, including two green screen recording rooms and an audio recording studio. The librarians can guide students through the software and deliver student-created content to you online.

The Cloud, The Diner, & The Bay Windows colorful, comfortable furniture in a relaxed environment to encourage casual reading or work on Chromebooks. These areas are open to walk-in students or classes, but are not reservable in advance.

The Think Tank This is a small group space with chairs & four tables. Twelve people is crowded in this room. Pull-down screen, A/V cart by request.

The Stable New in 18/19. Meeting space with a whiteboard table, up to eight node chairs, & a 42" HDTV on request, we created this due to high demand for meeting space in the LMC. Reserve early.

The Gail F. Williams Lee's Summit North Library Media Center

M-F 6:45 AM - 3:00 PM (until noon on half-days) Open 24/7 online!

LSN LMC MENU

2018-19

Librarians Michael Russell (3026) & Nathan Miller (3027) | Clerk Tawn Rockwell (3025)

Take-Out 24/7:

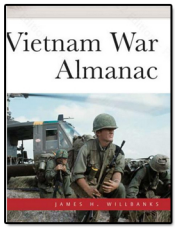
We are always open on the LMC Website

NEW in 18/19: Flipster eMagazines. popular magazines to access free anytime. Chromebook compatible. no login needed while on school wifi, Additional titles are possible at relatively low cost, talk to a librarian about your needs.

Overdrive: eBook fiction library featuring thousands of the best new (and a sprinkling of classic) titles as eBooks or audio books. Download to your device through the app or read online. Chromebook compatible.

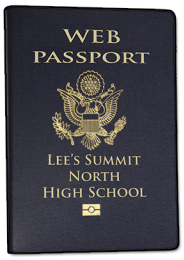
Staff: library card = Staff ID #; password = first & last initial (both caps) + last four social (AB1234)
Student: library card = student ID #, password is same as their school computer login

Disccover: A large non-fiction eBook collection. Similar to the LMC's book stacks, just in a fully-searchable eBook format. Browse online or download titles to your device. Many titles feature a site license, meaning each student at the school can check out the same title at the same time. Chromebook compatible.



Student login is the same as computer login.
Staff login: First initial last name + LSN
password: 1111

Databases: Our research databases are accessible from school without passwords or from home using the Web Passport document with all the passwords to all the databases. Find the passport on our website under the research tab; the passport is password protected, see a librarian for details. Chromebook Compatible.



Research eBooks: We have great reference titles on eBook available through the research tab; some might require passwords (on passport) if accessing away from LSN. Chromebook Compatible.

House Specialties

Our job is to help teachers teach & students learn. Like any great restaurant, our best creations aren't on the menu. They're the ones we create together based on what you need. Come talk with Michael & Nathan in the LMC. Let's cook up a lesson plan together!

Delivery: LMC To Go

The librarians are happy to deliver content to (and in) your classroom! Almost anything we can do in the library we can do in your classroom. Our services include:

*Database tutorials
*Source Credibility
*Works Cited & citations using Noodle Tools
*Virtual Reality field trips using VR Glasses
*multimedia creation how-to's
*Accessing eBooks and eMagazines
*Book Talks (eBooks or print books)
*Banned Book Week & Right to Read
*Gamification of your learning objectives

SHALL WE PLAY A GAME?

Bring out your students' competitive nature and create a lesson they'll remember for years! Michael and Nathan can design a game that helps students learn (or review) content while they try to solve the puzzle and beat the clock. BreakoutEDU games work for nearly any learning objective or skill level, and take just one class period. Talk with a librarian to start planning your game!
